18th March 1914,

Dear President Falconer,

The last time I wrote to you, you advised me on the 22nd December 13, that your Spring engagements were taking shape, but at the time you could not say whether you would be able to come to us for at least a month or two, You were good enough however to say that if it were possible you would try to wedge in an evening with us, Our next Guest will be Gen. Otter who has very -- kindly consented to speak to our Club on the evening of 31st of March on the Defences of Canada, Immediately following that will be Easter, or at least I presume perhaps you could not come till after Easter

Would it be too much for us to expect you some time in the month commencing the 15th April that is any time between say the 15th of April and the 24th of May, If you could arrange to give us an evening we would be very proud indeed, I would suggest if you have any choice of dates to avoid a Friday, I do this in deference to the Anglican Church here, We hold our Club meetings in the Parish Hall and the Ladies of the W.A. cater to the club, We find it a very convenient arrangement but as they have Church meetings each Friday evening we like to consider their convenience if possible; I hesitate very much in asking you to confine your proposed visit to any special dates ~~but~~ as I know you must be very busy but if we can oblige the Ladies of the Anglican Church we feel disposed to do so, I would be very pleased indeed to have you choose some date in or about that time if you can possibly do so, and I feel sure you will if you can,

yours sincerely

24th March 1914,

Dear President Falconer,

We have two trains coming to Huntsville either of which you might use, but the ~~most~~ more convenient one leaves Toronto Union Station at 1,30 noon, and arrives here 6,40 p.m, and as we sit down at 6,45 p.m, it would involve the minimum of time, There is a train which leaves here at 2,26 a.m, after the Luncheon and arrives in the city at 7,30 a.m, so that you could leave Toronto at noon Tuesday the 28th April and be back again at 7,30 Wednesday a.m,

You could easily arrange to retire here at say ten or ten thirty and have two or three hours of rest before taking the train, There is a sleeper on the train and any guests we have who desire to return in the night are always provided with a good berth,

The other train I referred to above leaves in the morning from the Union, about 8,a.m,, but that would involve the whole day,

There might be a few minutes difference in the train time ~~either~~ either way when the Spring time table goes into effect, but it would only mean a few minutes anyway, I trust you will enjoy your visit and will not find the hours too strenuous,

yours faithfully

J. M. Grant

Dear Mr. Grant:

I will leave here by the 1:30 noon train on Tuesday, April 28th, and I will try to catch that night train arriving on Wednesday morning. Even if I am late in arriving at Huntsville you could begin your dinner and I could surely be there in time to begin to speak when you are through.

Yours sincerely,

President.
